

SERVOGEAR

HDE220 GEARBOX

- Zero Local Emissions

Servogear HDE220 is a light weight hybrid gearbox designed for high-speed vessels. This is the first CPP integrated plug in hybrid solution on the market.

- Max input 900 kW @ 2250 rpm
- PTO with clutch
- Same footprint as Servogear HD220 gearbox
- Light weight AL-7075-T6 casing
- Integrated pitch actuation and oil cooler
- Remote duplex filter unit
